Project COSMIC
Ridgeway House
Ottery St Mary
Devon
EX11 1DT

To Whom it may concern

Evolve

This project first came to my notice in July of this year. The Hon. Treasurer of this Society and I met Rob Turner at our registered office in Sidmouth and discuss what the Project could do for this Society.

We met again in September with other members of our executive committee. We were given a full, clear and useful demonstration at Cosmic.

Our meetings with Rob have led to this Society now having; an email address, review of our entry in the Abbeyfield national website and the intention to use Sharepoint.

We have been encouraged to go forward with our use of IT as a result of Project Evolve, Cosmic and Rob Turner's competent guidance.

Dr. Philip Atkinson.
Hon. Secretary.
